SCIENTIFIC PAPERS

Sergii SUSHKO, Oleksander CHEMERYS	28
Dependency between Tiles' Sizes and Program Execution Time	
Valery SALAUYOU, Irena BULATOWA	31
Performance Targeted Synthesis of ASM Controllers on FPGA	
Jerzy CHRZĄSZCZ	34
TRIZ inventive principles and computer design	
Jakub NIKONOWICZ, Mieczysław JESSA	37
Adaptation of the power spectral density of a pseudorandom Gaussian noise to the real radio-frequency noise of the ISM band	
Aleksandr CARIOW, Galina CARIOWA	40
Hardware-Efficient Structure of the Accelerating Module for Implementation of Convolutional Neural Network Basic Operation	
Aleksandr CARIOW, Dorota MAJORKOWSKA-MECH	43
Basic Aspects of Designing a High-performance Processor Structure for Calculating a "true" Discrete Fractional Fourier Transform

Editorials

The Editorial House PAK kindly inform that starting from the number 1 of the Journal Measurement Automation Monitoring is issued as a technical scientific Quarterly Journal (4 numbers per year), essentially in electronic form. Free access to the Journal is possible by www.pak.info.pl/Archives-past-issues (or www.pak.info.pl/Archiwum-numerów in Polish) by any reader. Printing of definite paper or definite issue is possible without troubles.

We invite you to publish original scientific papers of the scope the measuring methods and technique, automation, robotics, as well as electronics and informatics achievements flowing to the measurement technique and its applications. The papers are reviewed and carefully edited. The color pages are accepted without restriction.

Because the only source of financing of every editorial costs is page fee paid by authors we ask kindly authors to regard this duty. Page fee is 41 euro (+VAT).

Now the Journal MAM is more easy accessed, and the editorial process is faster. We will keep high editorial standards, and familiar layout of the Journal, formerly issued as a Monthly in paper form.

Editor-in-chief of the Journal MAM,
Tadeusz Skubis
