### Editorials

The Editorial House PAK kindly inform that starting from the number 1 of the Journal Measurement Automation Monitoring is issued as a technical scientific Quarterly Journal (4 numbers per year), essentially in electronic form. Free access to the Journal is possible by [www.pak.info.pl/Archives-past-issues](http://www.pak.info.pl/Archives-past-issues) (or [www.pak.info.pl/Archiwum-numerów](http://www.pak.info.pl/Archiwum-numerów) in Polish) by any reader. Printing of definite paper or definite issue is possible without troubles.

We invite you to publish original scientific papers of the scope the measuring methods and technique, automation, robotics, as well as electronics and informatics achievements flowing to the measurement technique and its applications. The papers are reviewed and carefully edited. The color pages are accepted without restriction.

Because the only source of financing of every editorial costs is page fee paid by authors we ask kindly authors to regard this duty. Page fee is 41 euro (+VAT).

Now the Journal MAM is more easy accessed, and the editorial process is faster. We will keep high editorial standards, and familiar layout of the Journal, formerly issued as a Monthly in paper form.

Editor-in-chief of the Journal MAM,  
Tadeusz Skubis
