Editorials

The Editorial House PAK kindly inform that starting from this number the Journal Measurement Automation Monitoring will be issued as a technical scientific Quarterly Journal (4 numbers per year), essentially in electronic form. Free access to the Journal is possible by www.pak.info.pl/Archives-past-issues (or www.pak.info.pl/Archiwum-numerów in Polish) by any reader. Printing of definite paper or definite issue is possible without troubles.

We invite you to publish original scientific papers of the scope the measuring methods and technique, automation, robotics, as well as electronics and informatics achievements flowing to the measurement technique and its applications. The papers are reviewed and carefully edited. The color pages are accepted without restriction.

Because the only source of financing of every editorial costs is page fee paid by authors we ask kindly authors to regard this duty. Page fee is 41 euro (+VAT).

Now the Journal MAM will be more easy accessed, and the editorial process will be faster. We will keep high editorial standards, and familiar layout of the Journal, up till now issued as a Monthly in paper form.

Editor-in-chief of the Journal MAM,
Tadeusz Skubis
